At PMI, we've chosen to do something incredible. We're totally transforming our business, and building our future on smoke-free products with the power to deliver a smoke-free future.

With huge change, comes huge opportunity. So, wherever you join us, you'll enjoy the freedom to dream up and deliver better, brighter solutions and the space to move your career forward in endlessly different directions.

JOIN US!

WHO ARE WE LOOKING FOR?

- Students or university graduates with a Bachelor's or Master's degree up to 6 months after graduation, ideally during the last year of studies and available for 30-40 hours weekly,
- Candidates with excellent communication and organization skills who are eager to learn,
- Proactive and energetic candidates that are not afraid of taking ownership,
- English speakers with a very good level of written and oral skills
- Confident candidates who will be able to take care of affiliates globally and provide them with top-notch customer service,
- Previous work experience in a multinational environment would be a strong asset.

WHAT WE OFFER YOU?

- Remote internship for the duration of at least 6 months that can be extended up to 12 months,
- An opportunity to engage with stakeholders and partners and provide our services globally – you will be working in English with colleagues from around the world,
- An opportunity to join Digital Center of Excellence Team in which you will get to know about business processes and work with new technologies,
- A chance to see the nature of a corporate world and work in a multinational environment with a team of experts.

HOW CAN YOU MAKE HISTORY WITH US?

- Get to understand the overall concept of the company, including its brand, goals,
- Provide ideas to grow and improve the business (you will be allocated to projects to support various parts of execution: Analytics, Knowledge Management, Internal Software - CRM),
- As a part of the analytics group you will have a chance to work on data bases, create reports and dashboards, review Key Performance Indicators as well as present your findings,
- As a part of the knowledge management group you will have an opportunity to work with content, articles, FAQs and also create training programmes to introduce our employees to the new tool,
- As a part of the Internal Software – CRM group you will have a chance to test our new tools, work with other departments to collect the business requirements and collaborate with both product owner and business analysts,
- Provide suggestions to teams on improving service and internal processes,

- Learn and become proficient in internal software systems (CRM tool, Salesforce technology)
- Work in agile methodology (SAFe) to develop new features of the digital solution
